Sub: Mahindra Pride Classroom Training Program on Women Centric Employability Enhancement & Youth Livelihood Program

Dear Sir,

Greetings!

We are pleased to introduce the Naandi Foundation's Mahindra Pride Classroom – Employability Enhancement Program. This is a unique CSR initiative of the Mahindra group of companies, as part of their mission to skill and make employable the young women across the country

The aim of this program is to train, skill and help place the final year students of your institute at absolutely no cost to you or the student.

Please find below a brief on the project.

Naandi set up its first Mahindra Pride School (MPS) in early 2007, in support of the Government mandate for affirmative action, to empower youth from socially disadvantaged sections of society by providing livelihood training, to enable them to gain employment based on their skills.

MPS has several modules that help in enhancing the students' personality, general awareness, grooming and communication skills in English, Life skills and knowledge of computer applications. The life skills component of the training module completely transforms the students into confident, determined, goal-oriented youth; a personality shift essential for them to pursue successful careers in the sectors of their choice.

In a bid to consistently improve and reach out to a larger audience Naandi Foundation now strives to forge new tie-ups with Universities, Colleges, ITI's and other institutions as part of our Off-Campus project. Till 2020-21 we have completed employability skills training for almost 560886 students, **12016 classrooms in 20 States.**

MPC has always believed in a progressive approach. Hence, taking into account the present spread of pandemic all over the country, going forward it would be really difficult to conduct classroom sessions for the students. So, MPC is now venturing into Online and Offline sessions to be conducted as per the State Government guidelines.

In recent times, post COVID-19 has disrupted education and has opened up a world of opportunities in the space for innovation. At Mahindra Pride Classroom we recognize that India needs a resilient teacher workforce in times of crisis and that all teachers should be equipped with digital and pedagogical skills to teach remotely, online, and through blended or hybrid learning, in high-, low- or no-tech environments. Likewise, Atmanirbhar Bharat and vocal for local campaigns are creating new avenues for small and medium businesses. Mahindra Pride Classroom is also aware that India needs a resilient business support service workforce to cater to the new business demands. Towards this goal, MPC has designed exclusive courses for the final year students of B.Ed., B. Com, BBA, Engineering, Pharmacy.

At present we got approval for extending the Coding Training Program for the final year Engineering students.

Commercials:

As mentioned, Naandi Foundation shall conduct the training and placement assistance entirely free of charge as part of CSR from the Mahindra & Mahindra Group through their Mahindra Pride Schools & Classrooms

We sincerely hope that our Online program will go a long way in contributing to the skilling target of India and we look forward to an early response and a long association with you.

Looking forward for a continuous support from you in our new venture of Online Training program.
Yours sincerely,

Ms. Seema Bhagwat
